Prince Rupert Hospital is a 25-bed facility that sees an average of 22,000 ER visits per year. It is a fully equipped facility with Medical Imaging, Laboratory, ICU, ER, and Maternity. Services include Emergency, Acute care, Extended care, Pediatrics, Radiology, Internal Medicine, Orthopedics, General Surgery, Psychiatry, Obstetrics and Gynecology, CT-scanning, Ultrasound, X-Ray, and Mammography.

Prince Rupert is a marine-based port city that is home to amazing wildlife and wilderness adventures, unique history, cultural experiences, and the spectacular scenery of the rugged Coast Mountain Range and the Great Bear Rain Forest. Easily accessible by air, rail, cruise ship, ferry or car, Prince Rupert's attractions include Indigenous cultural works of art, fine North Coast galleries and boutiques, parks, walking trails, restaurants, and coffee shops. A balanced lifestyle might include enjoying a round of golf on the golf course, or spending time out on the water kayaking, fishing, or taking in the scenery.
