Bulkley Valley District Hospital is a 24-bed acute care facility providing emergency/outpatient, medical, surgical, maternity and palliative care services, and has one psychiatric observation unit. The facility has approximately 13,600 emergency visits and supports home and community care services, a strong community cancer clinic, and a diverse visiting specialist/surgeon program. It also offers laboratory and radiology (x-ray, mammography, ultrasound, CT scanning), and pediatrics services.

Smithers is located in the picturesque Bulkley Valley surrounded by three mountain ranges which provide a backdrop for the town's Alpine setting. Outside of work, you can enjoy the exceptional year-round outdoor recreational opportunities from cross country and downhill skiing, mountain biking, thriving music culture, river fishing, near by lakes for swimming, and water sports.

The population of Smithers is approximately 6,000, with an additional population of approximately of 18,000 in the service area from the surrounding communities that access services.
