

# Emergency Department Grand Rounds

hosted by  
*the Interior Health Emergency Services Network*

**January 30<sup>th</sup>, 2024**

**5:00PM-6:00PM PST**

## **Accidental Hypothermia: Building the Chain of Survival**

### Learning Objectives

At the end of this presentation, participants will be able to:

1. Accurately stage, triage and manage accidental hypothermia patients based on the vital signs and level of consciousness.
2. Identify which cold patients in cardiac arrest are unlikely to benefit from resuscitation and which patients may benefit from prolonged resuscitation and rewarming.
3. Select the appropriate warming technique and treatment facility for hypothermic patients.
4. Understand the BC Hypothermia Clinical Practice Guideline and explore the potential for guidelines to improve patient outcome.

### Presented by:

**Doug Brown, MD, FRCPC**  
Emergency Physician, RCH

Clinical Assistant Professor, UBC Department of  
Emergency Medicine
