Conversation Guideline

"We screen all patients for substance use to provide the best care possible. Would it be okay if I ask you a few questions about your substance use?"

Initial screen: "Have you, in the past year, used a street drug or a prescription medication for non-medical reasons and/or do you drink alcohol?"

↓ **No**

↓ **Yes**

**Document
No concerns**

- If a negative screen, proceed with usual care.

**Complete Substance Use History
in ENAR (4 C's)**

If a positive screen,

1. **NOTIFY:** MRP for diagnosis and possible orders for withdrawal management
2. **ASK:** "Is there anything you need regarding your substance use while you are here? Are you interested in hearing about resources that might help?"
3. **REFER:** Complete referral to MHSU and/or Virtual Addiction Medicine
